

RETRACTION

The article: "Sexual presence and intentional dynamics: deviant and non-deviant sexual self-regulation from the first person stance", by Renaud P, Nolet K, Chartier S, Trottier D, Goyette M, Rouleau J-L, Proulx J, Bouchard S. *Journal of Eyetracking, Visual Cognition and Emotion*, (2012) 2(1), 82-9, has been retracted due to significant similarities of content to the previously published article:

"Using immersive virtual reality and ecological psychology to probe into child molesters' phenomenology" by Patrice Renaud, Sylvain Chartiec, Joanne-Lucine Rouleau, Jean Proulx, Mathieu Goyetteb, Dominique Trottierb, Paul Fedoroff, John-P. Bradford, Benoît Dassylva & Stéphane Bouchard, first published online on 1 November 2011 in *The Journal of Sexual Aggression*, and subsequently in volume 19, issue 1, pages 102-120, March 2013 (DOI:10.1080/13552600.2011.617014). The original article was not referenced.
