Vol 9 - Issue No.1 - Special Issue: Artistic Research Now

The International Journal on Stereo & Immersive Media (IJSIM) is an annual open-access and peer-reviewed journal published by the Early Visual Media Lab - Cícant, at Lusófona University, Portugal. IJSIM aims to reflect on the emergence of our progressively immersive media culture with a historical, critical and contemporary perspective. To address this 'immersive media culture', IJSIM focuses both on state-of-the-art technologies and on historical and archaeological sound and visual media that once sought to expand our sensory experiences.

The International Journal on Stereo & Immersive Media Special Issue Vol. 9 No. 1 (2025), *Artistic Research Now*, was published under the FilmEU\_RIT project – a Research, Innovation and Transformation initiative (FilmEU\_RIT Ref: 101035820, H2020-IBA-SwafS-Support-2-2020) funded by the European Union's Horizon 2020 Research and Innovation Programme. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union, Erasmus Plus or Horizon 2020.
