Vol. 9 No. 1 – Special Issue: Artistic Research Now
Publication: February 2025

The International Journal on Stereo & Immersive Media (IJSIM) is an annual open-access and peer-reviewed journal published by the Early Visual Media Lab - Cicant, at Lusófona University, Portugal. IJSIM aims to reflect on the emergence of our progressively immersive media culture with a historical, critical and contemporary perspective. To address this 'immersive media culture', IJSIM focuses both on state-of-the-art technologies and on historical and archaeological sound and visual media that once sought to expand our sensory experiences.
