Stereo & Immersive Media

Vol. 3 Issue No.1

The International Journal on Stereo & Immersive Media (IJSIM) is an annual open access and peer-reviewed journal published by the Early Visual Media Lab — Cicant, at Lusofona University, Portugal. IJSIM aims to reflect on the emergence of our progressively immersive media culture with a historical, critical and contemporary perspective. To address this ‘immersive media culture’, IJSIM focuses both on state of the art technologies and on historical and archaeological sound and visual media that once sought to expand our sensory experiences. Editorial correspondence to be addressed to:
